Current NADAC Rules

For a full description of current NADAC rules please refer to the NADAC Exhibitor Handbook, dated November 1, 2008, which can be found on the NADAC Webpage at NADAC.com or <http://www.nadac.com/rules.htm>

Proficient/Skilled Categories:

Each class will be split into two categories, Proficient and Skilled. In the Skilled Category dogs must jump 4" lower than their Proficient, Standard Division jump height requires. (No dog may jump less than 4") Dogs jumping 4" lower will get the SCT of the lower jump height.

Dogs must be entered in one category, either Proficient or Skilled, for the entire weekend.

Non-Jumping Classes

Veteran or Disabled Handler:

Handlers aged 60 or older, or who have a disability that restricts mobility, may opt to enter the non-jumping classes as a Veteran Handler and receive 10 % more standard course time. This option is for Veteran/Disabled handlers in the non-jumping classes only.

The Veteran/Disabled Handler division is designed for handlers who, due to age or impairment, are mobility limited and need extra time to guide their canine partners through an agility course.

When entering as a Veteran/Disabled Handler, you must enter all dogs in all classes for the entire trial in this Division and must jump 4" lower than your Proficient, Standard jump height requires. In the non-jumping classes, dogs will be scored and placed with their Standard Division jump height.

IMPORTANT. Please check your dog's NADAC registration number on your trial confirmation as soon as you receive it; also, please check the copy of the results posted at the trial. You should report any errors to the Trial Secretary immediately.

NADAC records trial results as they are submitted by the host clubs/groups. The individual trial results submitted by the club are uploaded to the files section of the NADACagility@yahogroups.com list within two weeks after the NADAC office receives them from the club. The trial results will remain on the list for at least thirty (30) days. Please accept the responsibility to review those results, and check that your registration number and qualifying points, as reported by the club, are correct. You can join the www.NADACagility@yahogroups.com list and set your settings to "no mail". You will be able to view trial results and check for any possible discrepancies, without receiving list mail. If you find an error in the reporting of your dog's qualifying points or registration number, please contact the host club. The host club is responsible for correcting any errors and informing NADAC.

Levels. Points earned at a higher level of a class, prior to the completion of the lower level title, will not be banked by NADAC for future use. If a dog earns points in a level of a class that they are not eligible to title in, those points will not be added to the dog's records.
